## Reception

---

*The children in Reception have been very excited this week to discover a treasure map. They used the map to find a clue outside. Each clue led to another until a big box of treasure was found. Can they tell you where they found it and what was inside?*

---

## KS1

---

*In KS1 this week, we have been looking at the theme bonfire night in music lessons, linking with our History learning about Guy Fawkes. We looked at the song, 'Bonfire Night' by The Love Music Trust and we enjoyed performing our own actions and vocals linked with the different firework sounds. We have also started our DT learning about fabric. We discussed different types of fabric. By the end of the lesson we could name different fabrics and we described how each looked and felt.*

---

## LKS2

---

*A new half term and a new sport to explore in PE. For the remainder of the autumn term the children will be working on their netball skills. In the first week, we have been practicing the different passes and understanding the rules regarding movement. Children were mastering their push passes and their receiving of the ball, looking at how we can pivot to pass in a certain direction but that we must not move forwards once we have the ball. We finished with a passing game in which they had to pass around the playground in pairs, making their way to all the hoops laid out on the floor. This helped to improve their awareness of space and movement.*

---

## UKS2

---

*In our English lessons this week, we have been learning about the Windrush Generation and the important role they played in British history. One of the inspirational people we have focused on is Floella Benjamin, a famous actress, author, and broadcaster who moved to the UK from Trinidad as part of the Windrush journey. We explored her experiences and challenges when she first arrived, and how she has inspired many people through her life story. After reading about her, we wrote our own information texts to share what we learned about Floella's journey and the impact it had on many lives. It was a great opportunity to reflect on the courage and strength of those who moved to the UK to help rebuild the country after World War II.*

---

## New resources and additional funding

---

*Could you be eligible for pupil premium funding? If you are eligible for free school meals, the school can claim additional funding (pupil premium) for new equipment and resources. The Council provides two types of free school meals to children attending a school within Cheshire East: Universal free school meals for infants (children in KS1) and Income-related free school meals. We would encourage all families to check their eligibility using the link below. [https://www.cheshireeast.gov.uk/schools/school-meals/free\\_school\\_meals.aspx](https://www.cheshireeast.gov.uk/schools/school-meals/free_school_meals.aspx)*

*Please let us know if you have been successful.*

---

## Safeguarding - Smartwatch Reminder

*Please note that although we encourage children to wear watches to school, please do not allow your child(ren) to wear a 'smart' watch, or any watch that has the same functionality as a mobile phone or PC, on the school site in order to safeguard all of our pupils. Thank you for supporting us in keeping your children safe at school.*

### Understanding the Teenage Brain

Watch the recording of Jane Keyworth delivering this online session (one hour 45 minutes) to parents in the UK

"We need every parent and teacher to attend this outstanding presentation. It provides a brilliant exposé of the challenges young people face as they develop from child to young adult. The presentation is very informative but also very accessible and entertaining. I cannot recommend this talk highly enough"

Mr Andrew Mead, Headteacher at Lytchett Minster, UK High school
